Hello! I am very excited to meet and teach your students this year! Here is a quick list of items that your students will need to succeed throughout the year. I have mentioned what they will need and why they will need it above! The school will be hosting a "Back to School Night" at the beginning of the new school year and I will reintroduce myself and state the expectations for my students inside and outside the classroom.

DO NOT LIST:	WHY?
Markers	They bleed through writing assignments, hard to read when markers bleed through.
Personal Pencil Sharpeners	Students tend to play with these and sharpen their own pencils during instruction. I will have a classroom sharpener in the room, students will not

	be encouraged to bring their own.
Pen	Students will not be needing pens due to always needing to use pencils in case of needing to erase their mistakes. Students cannot erase pen markings.
Personal Hand Sanitizer	Students will have sanitizer in ALL classrooms and I will let them use it when it is needed. Students tend to play with small hand sanitizers instead of using them for their true purpose.
Jewelry/Purses/Dress Code Rules	Any items that are worn or brought onto our campus that go against any of our policy rules in our handbook, will be taken away for the day until a parent arrives during dismissal to claim these items.
